Buyer's comment:

"Hi Morty

Many thanks to you for your excellent service - it came as quickly as it would have done from a British retailer, and while my dustpan and brush is still feeling the strain from clearing up all those little green foam things, I can't fault your commitment to ensuring the oud remained safe and secure in transit.

The oud sounds amazing, the sound-sample on your site do no justice to be honest.

Regards,

Tim from Engeland"
