This is a Tar made with the highest quality wood, that have matured for several decades. Tonally this Tar proves why [Mohammadi Bros](#) are considered to be one of the finest Luthiers in the world of Oriental Instruments. The typical Mohammadi Bros character is best described as Rich, deep, expressive on the highest level of perception with great depth in every single tone, warm and well balanced. The first touch of the strings make every player smile. The trebles are rich and profound. The overall character is majestic and unmatched to any other. If any one has ever had the chance to play one of their instruments, would know what i exactly mean.

Ordered, in stock and shipped!

Buyer's comment:

"Dear Morteza,

The tar arrived and it is in perfect shape. Thanks so much for everything.

By the way the new web site looks good great!

Kamran from Austin, Texas 30-09-2015"
